

Bracing Tipperary

Business for BREXIT

Monday 5 March 2018 from 9:30am to 12pm

The Horse & Jockey, Thurles.

**FREE
SEMINAR**

The clock is ticking for Tipperary Businesses who must brace themselves for the economic shock that Brexit will bring. Considerable uncertainties around the UK's exit from the EU prevail. The impact for the EU and particularly for Ireland given our close ties economically and geographically will be significant. Managing uncertainties including potential volatility of sterling and its implications for your cost base while at the same time continuing with growth plans are just some of the challenges facing businesses.

Local Enterprise Office Tipperary is opening Enterprise Week with a discussion on the hottest topic of 2018 – what will Brexit mean for Tipperary? This seminar will look at the risks and provide details on supports available such as the Brexit Scorecard, Brexit Loan Scheme for firms that are exposed, IntertradeIreland Brexit readiness vouchers, EI Be Prepared Grant, EEN access to alternative markets, the LEO tool kit etc.
