GREEN BUSINESS SEMINAR

ANNER HOTEL, THURLES

20TH JUNE 2018

GREENING THURLES BUSINESS AND CUTTING COSTS!

A morning seminar on reducing and minimising waste.

Businesses of all sizes can make significant cost savings by focusing on waste in their business. Every business creates unnecessary waste. This can often be due to complacency and bad habits.

This Seminar will explore the ways companies can reduce and eliminate waste in their business; including food waste, energy wastage and water wastage through simple "no cost" and "low cost" means.

We have a host of experts and practitioners who have implemented waste reduction first hand. We hope you can join us for this morning seminar on Thursday, 20th June.
